Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 03 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright or sunny, but feeling fresh.

Today:
Any frost and fog patches clearing through the morning, with lingering cloud slowly receding to the southeast later. Dry and mild throughout with plenty of sunshine, but feeling fresh in the breeze. Maximum temperature 11 deg C (52 deg F).

Tonight:
Feeling chilly this evening and tonight under largely clear skies. This also allows for frost and fog to develop widely, particularly in rural locations. Remaining dry. Minimum temperature -1 deg C (30 deg F).

Sunday:
Cloudy in the north at times, but otherwise another fine, mild, and dry day. Becoming increasingly breezy and turning unsettled overnight as showers, many wintry in nature, arrive. Maximum temperature 15 deg C (59 deg F).

Outlook for Monday to Wednesday:
A period of unsettled and cold weather, with widespread frosts each night. Wintry showers with strong winds Monday, easing and slightly sunnier Tuesday. Slightly less cold Wednesday.
